STATEMENT AND/OR COMPLAINT

Date/Time of Occurrence:	
Location of Occurrence:	ounty Sheriff's Office
	Rick Kramer and all spot check officers since the checks
Name(s) of Employee(s) Involved:	started because I have reported this crime to them.

Facts:	Find attached 60 pages and 1 flashdrive containing 14 months of officials conspiring to cover
up the r	rape of a 5 year old little girl, Char, serice . Rick Kramer spent hours mentally abusing 3 children
to "get h	nis man". When this man who was disabled and on bed rest was the one who called for help to
protect	t his children who were being sexually abused by their mother, Sandra Harris, while she had him
drugge	ed and unconscious.
Rick Kı	ramer's statement on record is all fictitious and made up in his demented mind. At the time he states

I was unable to walk without the assistance of crutches and therefore could not climb trees and build

a tree house.

Rick Kramer and Donna Stucchio spent hours at schools and in counseling to convince these children to say things that was not true that came out in court. Donna Stucchio tried to convince the children to

say her narrative on November 15th where said the grown ups talked to her the night before her

deposition as court records show.

Irene Bradbury drugged my two children for four months and had Cindy and John in an acting out class

with the rapist dimension of the Half This was done in a two bedroom home in Masaryktown FL where

my daughter asked the safe house woman what is this white stuff in my underpants and the woman's

response was "go back to bed." Never taking her to the hospital to get checked out.

You can go to dewsales.com and read information pertaining to the this complaint. Also the 60 pages and

a flashdrive.

Additionally, Cindy has had 18 years of counseling with the corrupt narrative of the people who really

abuse children and tried to cover up their rape of an innocent child.

STATEMENT AND/OR COMPLAINT

Date/Time of Occurrence:	1992 - 2024
Location of Occurrence:	Hernando County Sheriff's Office

Name(s) of Employee(s) Involved:

Location of Occurrence:_

Facts:	As the record shows, Sandra Harris and Nadine Magbee conspired on May 22, 1992 to inflict
	injury to Dewey Jones who was totally incapacitated by medications and alcohol dispensed by
	Sandra Harris as she was the only driver at the time of these crimes. As the record shows,
	multiple violations of the constitution of the entire legal system because they failed to protect
	a disabled man, Dewey Jones. As he begged the Hernando Co. Sheriff's to go get his children
	from a pedophile family. As this was stated in the civil trial. When Dewey Jones was arrested
	for domestic violence he was dragged out of the house. And was informed he had no right to
	speak because he was a man and he had hit a woman. My 3 year old son, after 14 months of
	coercion, told one of the counselors that his mother hit his father in the head with a hot pot of
	water and noodles which caused him to have a headache. Furthermore all complaints made
	by the block of the second sec
	statement though she never was arrested for it. This is a major failure of equal rights protection
	of the Hernando Co. Sheriff's.
	In conclusion, the failure of the government officials to protect a disabled citizen and then sentence
	him, the victim of this heinous crime to prison a grievous miscarriage of justice.
	I, Dewey Jones, have never assaulted or abused anyone in my 69+ years of life but I will defend
	myself against an attack which I did on May 22nd, 1992 against Sandra Harris. There is no
8	statute to protect the coverup of a baby girl by officials who knowingly conspired on the phone.
	The proof is in your hands as you read these pages and the info on the flashdrive.
i.	Officers commit a crime every time they enforce this heinous crime.
